

Healthy Professional Workers

If you are a **Dentist** who is interested in issues related to mental health at work, we would like to invite you to participate in the **Healthy Professional Worker** study!

An Invitation to Participate

We are exploring the mental health experiences of professional workers, and how these are affected by their personal, work and family lives. We are also interested in the role gender and COVID-19 have on these experiences.

There are two ways to participate:

1) an online survey: <https://bit.ly/3nk2gBf>

2) an online or telephone interview:

HPW@uottawa.ca

(or both)

The survey may take 15-20 minutes. The interview may take 40-60 minutes. Interview participants will receive a \$20 honorarium.

For more information, or to volunteer, please contact:

e-mail: HPW@uottawa.ca

<http://www.healthyprofwork.com/>

This project is being conducted independently from the organizations and agencies from which you may have been recruited. It has received ethics approval from the University of Ottawa and the 15 universities involved in the project.

If you see this ad posted on social media and choose to “like” the page, or “follow” it, you may be publicly identified with the study.
