Good Afternoon,

Here are the most recent updates as of the afternoon of Tuesday, April 21st:

What we're working on now:

### **Emergency Dental Clinic List**

[Click here](#) to view the list of dental clinics across Newfoundland and Labrador that are accepting referrals for emergencies. It is important that you are answering your patients calls and triaging them. If they need to be seen within the dental clinic and you do not have the required PPEs you would then call one of the offices on the list and refer them as normal.

If you wish to be added or removed from the list below, please contact the NLDA via email: [Amanda.nlda@nfld.net](mailto:Amanda.nlda@nfld.net). If you wish to add your clinic you must first get approval from the NLDB.

### **A Message from the Dental Director**

[Click here](#) to view the message from the Dental Director.

### **Sample Office Protocol for Teledentistry**

To download the sample office protocol for teledentistry please [click here](#). It is important that you adjust and update this protocol to match the needs of your clinic.
