

Good Afternoon,

Here are the most recent updates as of Wednesday, September 30th:

## **50 DAYS until the Virtual Oral Health Convention**

**Registration for the Virtual Oral Health Convention is now open!!**

Register here: <https://nlDa.5by5.ca/>

What can you expect at the Convention?

- Thought-provoking education sessions
- Virtual fun night with Chef Steve Watson
- Wellness sessions and activities
- Virtual tradeshow floor

We have heard from several dental clinics that their plan is to have their staff register and participate in the convention together. They've mentioned that they will have certain rooms setup for the courses and social events and morning wellness activities! We encourage this as it promotes togetherness and allows you to still have a social aspect to our convention.

Registration is open! Register by October 1st to enter for a chance to win an early bird prize. Register here: <https://nlDa.5by5.ca/>

### **Meet the Students**

Each year we go to Halifax and meet students that are looking to find a place to practice after Graduation. With COVID that is not happening. However, we have been talking with Dalhousie and explained our problem and we are now working on an alternative option where we get the same result. Their question to us and my question to you is how much demand will there be in our Dental Community over the next three to four years? What is your plan re Associates?

In order to build the best plan it is best to have the greatest level of information so if you are looking to bring on a new Associate in the next year or two or three let us know because the event will be determined by the numbers. E-mail [nfdental@nfld.net](mailto:nfdental@nfld.net)

### **RBC - Estate Planning in a COVID 19 Environment**
