REFUND NOTICE: IMPORTANT INFORMATION REGARDING THE MAY/JUNE 2021 DENTAL APTITUDE TEST

May 21, 2021

To meet the needs of dental schools who use the DAT as part of their admission decision framework, the Canadian Dental Association (CDA) is doing everything possible to make the DAT available to a maximum number of dental school applicants. CDA and its test center provider, Prometric, have put in place specific measures to ensure that this is done in the safest possible fashion. This includes a commitment to abide by all local public health requirements, including those that might force test center closures or reductions in the number of individuals who can take the test in some locations. Should that happen, we will do our best to reschedule registrants who will be prevented from taking the test at their scheduled date and time but we cannot offer any guarantee this will happen.

Understanding that despite the precautions we are taking, some individuals who registered in March may no longer wish to write the DAT, exceptionally, CDA is offering all registrants for the May/June 2021 DAT the option to cancel their registration and to receive a full refund for the registration fees, providing they cancel by or before the following deadlines:

1) DAT exam dates scheduled on or before June 15 must cancel by May 27, 5pm EST
2) DAT exam dates scheduled on or after June 16 must cancel by June 10, 5pm EST

DAT Registrants have received an email on May 21 with the procedure to follow if they wish to cancel.
