We are a busy five operatory clinic with enthusiastic, committed staff and loyal patients. Trail has a stable economic base and is located in the West Kootenay region of BC. Candidates with at least one year

**UBC DENTISTRY** 

Department of Oral Health Sciences and  
Department of Oral Biological and Medical Sciences  
University of British Columbia, Vancouver Campus

**CLINICAL RESEARCH CENTRE DIRECTOR**

The Faculty of Dentistry invites applications for a full-time, tenure track position in the Departments of Oral Health Sciences and Oral Biological and Medical Sciences at the Vancouver Campus. Applicants must hold a professional degree and advanced research education. The successful candidate should have an established publication record, external funding supporting clinical research and experience with clinical trials.

The successful candidate will be expected to develop a strong, externally funded clinical research program, and to contribute high quality undergraduate and graduate teaching and effective supervision of graduate students. The position will require development of a strong, externally-funded clinical trial research center and direction of its activities. Preference will be given to an individual who demonstrates an ability to establish productive collaborations with individuals from a variety of clinical disciplines and research interests both in academia and private industry. In addition, the successful candidate will be required to demonstrate potential in teaching excellence and service to the University and community.

The successful candidate will hold a full-time faculty appointment at UBC with salary, rank and appointment status commensurate with qualifications and experience.

UBC hires on the basis of merit and is committed to employment equity. We encourage all qualified persons to apply; however, Canadian citizens and permanent residents of Canada will be given priority. Review of applications will begin November 1, 2009 and continue until the position is filled.

Interested applicants should submit an application package that consists of a short biography and curriculum vitae, a statement of interest including research priorities, and a record of teaching effectiveness and contact information for three references to:

Dr. Ed Putnins  
Associate Dean Research and Graduate Studies  
Faculty of Dentistry  
The University of British Columbia  
2199 Wesbrook Mall  
Vancouver, B.C. V6T 1Z3

## Residency Program In Oral and Maxillofacial Surgery

### General Information

The Schulich School of Medicine and Dentistry, the University of Western Ontario Faculty of Graduate Studies and the University of Western Ontario affiliated teaching Hospitals are pleased to announce the creation of a residency program in Oral and Maxillofacial Surgery. The program commences on the first of July each year and is of six years duration. One candidate is selected per year.

Candidates for this program must possess a D.D.S. or D.M.D degree from a CDAC accredited university. The MCAT is not required.

The program in Oral and Maxillofacial Surgery is designed to provide candidates with a comprehensive background for the practice of oral and maxillofacial surgery as a speciality, as well as to prepare them for examinations by the Royal College of Dentists in Canada. The program is six years in duration and is a combined MD/MSc degree program. Acceptance into the program includes acceptance into the Oral and Maxillofacial Surgery, medical and graduate studies programs. This program is based out of the London Health Sciences Centre and St. Joseph's Health Care, in London, Ontario. Residents will also rotate through the Schulich School of Medicine and Dentistry affiliated hospitals in Windsor Ontario.

#### Course of Study

The program includes extensive training in surgical correction of dentofacial deformities, maxillofacial trauma, maxillofacial pathology, maxillofacial reconstructive surgery, dentoalveolar surgery, implant surgery and ambulatory anesthesia.

Each resident will attend the Medical program at the Schulich School of Medicine and Dentistry.

An important part of the program is devoted to research. Residents will complete and defend an original research project in fulfillment of requirements for a Master of Science degree in Pathology

#### Selection Process

**Preamble:** Our goal is to select an ideal candidate who possesses the aptitudes, skills and experience that will allow him or her to successfully complete a six-year program including an MD degree, a Masters in Science and a residency in Oral and Maxillofacial Surgery.

#### Application:

A completed application will contain:

1. Completed application form.
2. University transcripts (Dental School only).
3. Curriculum Vitae.
4. 3 letters of reference.
5. Personal statement / letter of intention (250 words or less)

#### Prerequisites:

1. Graduate of a CDAC Accredited Dental School (in Canada or the U.S.)
2. Canadian citizens or landed immigrant
3. Eligible for licensure in dentistry in the province of Ontario
1. 4. NDEB certification [www.ndeb.ca/](http://www.ndeb.ca/)

#### Process:

1. For admission to the program starting July 1, 2010, applications are invited with the deadline of October 15, 2009.
2. Candidates will be selected for interviews on the basis of:
  - a. GPA of 3.75 or above, or standing in top 10% of dental school class
  - b. Evaluation of references.
  - c. Evaluation of personal letter of intent (250 words or less).
  - d. Evaluation of CV
3. Acceptance of a candidate will include acceptance into the Oral and Maxillofacial Surgery Program, Medical School (starting in the second year of the OMFS program) and acceptance into Graduate Studies. Acceptance into the residency, Medical School and Graduate Studies are not separate processes.
4. Notification of acceptance to Residency in Oral and Maxillofacial Surgery and acceptance to Medical School and Graduate Studies will be made in a timely manner. The successful candidate will be given 5 business days to accept or refuse the offer.
5. The successful candidate will be required to begin an orientation program beginning the last week of July, 2010.

D6408

**CENTRAL NEWFOUNDLAND:**

Welcome to the Rock! Looking for an enthusiastic, talented associate with great communication skills for a busy, growing dental practice. Currently a 2 dentist practice, with 6 operatories, offering all aspects of dentistry including ortho, implant surgery, Invisalign, etc. Office is very modern with digital pan/intraoral, lasers, plasma-arc curing lights, rotary endo, intraoral cams, etc. We have an onsite full denture/acrylic lab with full-time experienced lab tech. Located in Central Newfoundland, close to scenic Notre Dame Bay, a delight for any boating enthusiast. With our solid systems, unique schedule and practice style, previous associates have worked 30 hours or less/week with commission well over \$200,000/year. Can provide accommodation with bachelor apartment and vehicle if desired. For further information on this fantastic opportunity, please email us at: cuffdental@nf.aibn.com or phone: (709) 535-0269.

D6196

Outstanding growth income. Stability, flexibility and respect assured! For further information call Luc at: (450) 370-7765 or send email to: lucleboeuf291@hotmail.com.

D1674

**ONTARIO - Fort Frances:**

Think outside the box. The big city box that is. Would you like to work in an ultra busy practice for a change? A practice where the patients say, thank you doctor for seeing me, and are grateful to have you as their dentist. My patients are all friends to us. They invite you to go sailing, snowmobiling and fishing with them, sometimes even ride in their bush planes. This is a great area to raise a family. The local schools do well on provincial testing and you will know and possibly treat your children's teachers. Your children will grow up in a beautiful, natural setting with a variety of wholesome activities such as camping, fishing, swimming, boating, and snow machining. If you feel the need for a big city fix, Winnipeg and Thunder Bay are 3.5 hours away and Minneapolis/St. Paul is 4.5 hours away. Personally, I travel a lot with my children. We had a fantastic time on our 3 week African safari 2 vacations ago. Presently we are about to embark on a 3 week vacation to Greece. My paperless practice has all the high-tech toys that dentists love; computers in every operator, the latest Dentrax software, Sirona electric handpieces, Sidexis digital

radiographs, etc. It was decorated by a great interior designer. This "ultra busy" practice is very successful so it can afford all this. I have an incredible, mature, loyal staff with virtually no staff turnover. I think of them as my work family. We provide high quality, very ethical treatment to our patients, in a fun and happy environment. The economic part of the practice is not folksy. We run on daily and weekly statistics for every member of our team, and provide bonuses based on their production. We have a strict no show/short notice cancellation policy which is enforced. Our patients pay their bills before they are seen again. I need an associate to help me, preferably one who is interested in eventually buying in or buying out. You could be this lucky person. Call me at: (807) 274-5365 or email at: mekhf@shawbiz.ca if you are interested in this great opportunity to live a rewarding, low stress life while practising ethical, high quality dentistry. Dr. Mary Ellen Kennedy. PS: I can send photos.

D6366

**ONTARIO - Niagara:**

Periodontist. Excellent associateship opportunity in a traditional periodontal specialist office, with a large maintenance base and an expanding implant practice. We are looking for a potential future partner or owner, with a high level of integrity, professionalism and commitment. If interested, email: niagara.periodontics@gmail.com.

D4749

**ONTARIO - Ottawa:**
