**ABUNDANT OPPORTUNITIES IN THE SOUTH
ABLE DENTAL GROUP**

Jump start your career with us

Exciting career opportunities are awaiting you in sunny southern Alberta. We are looking for motivated individuals to join our team of dental professionals who use **"big city technology"**, yet serving the needs of our community and surrounding areas.

The Group has always been one step ahead of the rest to take advantage of new technology and "looking outside of the box" attitude and ideas. We share this enthusiasm with our Associates and Staff, and we pride our company's success on teamwork and providing a team environment.

The Group has expanded its repertoire of offices to now include a Satellite Mobile Hygiene practice, a family practice in the Crowsnest Pass, and a second Lethbridge office. There is plenty of room for expansion and innovative development concepts for another dentist to contribute to the growth of this company.

Would you like to work in an ultra busy practice for a change? A practice where the patients say, thank you doctor for seeing me, and are grateful to have you as their dentist. My patients are all friends to us. They invite you to go sailing, snowmobiling and fishing with them, sometimes even ride in their bush planes. This is a great area to raise a family. The local schools do well on provincial testing and you will know and possibly treat your children's teachers. Your children will grow up in a beautiful, natural setting with a variety of wholesome activities such as camping, fishing, swimming, boating, and snow machining. If you feel the need for a big city fix, Winnipeg and Thunder Bay are 3.5 hours away and Minneapolis/St. Paul is 4.5 hours away. Personally, I travel a lot with my children. We had a fantastic time on our 3 week African safari 2 vacations ago. Presently we are about to embark on a 3 week vacation to Greece. My paperless practice has all the high-tech toys that dentists love; computers in every operatory, the latest Dentrux software, Sirona electric handpieces, Sidexis digital radiographs, etc. It was decorated by a great interior designer. This "ultra busy" practice is very successful so it can afford all this. I have an incredible, mature, loyal staff with virtually no staff turnover. I think of them as my work family. We provide high quality, very ethical treatment to our patients, in a fun and happy environment. The economic part of the practice is not folksy. We run on daily and weekly statistics for every member of our team, and provide bonuses based on their production. We have a strict no show/short notice cancellation policy which is enforced. Our patients pay their bills before they are seen again. I need an associate to help me, preferably one who is interested in eventually buying in or buying out. You could be this lucky person. Call me at: (807) 274-5365 or email at: mekhf@shawbiz.ca if you are interested in this great opportunity to live a rewarding, low stress life while practising ethical, high quality dentistry. Dr. Mary Ellen Kennedy. PS: I can send photos.
