## Faculty of Dentistry

### University of Toronto

The Faculty of Dentistry, University of Toronto, invites applicants for a senior full-time tenure-stream position in Orthodontics within the multidisciplinary Department of Clinical Sciences. The primary responsibilities of the person selected will be to develop an outstanding and innovative research program in the molecular aspects of development or related field and to engage in and promote research and evidence-based advances in the relevant teaching programs of the Faculty. This area is a field of research emphasis for the Faculty and the University of Toronto under the Canada Research Chairs program, and the successful candidate will be nominated for a Canada Research Chair. Applicants must comply with the following requirements: (i) have an advanced research degree, preferably a Ph.D. (or equivalent), and evidence of high-quality research accomplishments as a principal investigator in this area; and (ii) have demonstrated teaching and clinical expertise in this area. Eligibility for Fellowship in Orthodontics in the Royal College of Dentists of Canada is preferred.

Rank, tenure status, and salary would be commensurate with the candidate's qualifications and academic accomplishments. Extramural private practice privileges are permitted 1 day per week.

Applicants should arrange for three reference letters, as well as a detailed curriculum vitae, to be received by **May 31, 2002** at the following address:

**Professor Daniel Haas, Associate Dean, Department of Clinical Sciences, Faculty of Dentistry, University of Toronto, 124 Edward Street, Toronto, Ontario M5G 1G6. For additional information regarding the position please contact: Dr. D. Haas, tel (416) 979-4922, ext.4577, e-mail daniel.haas@utoronto.ca**

The University of Toronto is strongly committed to diversity within its community. We especially welcome applications from visible minority group members, women, Aboriginal persons, persons with disabilities, members of sexual minority groups, and others who may contribute to further diversification of ideas. All candidates are encouraged to apply; however, Canadians and permanent residents will be given priority.
