

CDA

# SECURESEND

Dentists' preferred method of transferring patient health records electronically.

## Mobile App:

Available on the  
App Store

GET IT ON  
Google Play

Minimize the risk of a security breach with:

Dentists protect oral health.  
CDA **SECURESEND** protects patient data.

### Send Patient Files in Seconds

- Within seconds, CDA Secure Send allows dentists to exchange patient documents in a secure fashion.
- Connected to CDA's directory of dentists, senders can search for dentists by name, specialty or location.

### Keep Patient Data Confidential

- Unlike email, CDA Secure Send meets the legal requirements to patient data, like X-rays, through a simple and efficient solution.

### Easy to Use

- Connected to CDA's directory of dentists, it's as simple as sending an email.

As easy as email.  
Live support at  
1-866-788-1212.

Secure and confidential.  
Share files with dentists, labs,  
specialists and patients.

Save on your bottom line.  
Free with provincial dental association  
& affiliate CDA membership.

*Available on the App Store and Google Play*
